ALLEN BLAMED FOR TROUBLE

Herman Osborne, Fourth to Escape,
Also Changes His Mind and
Starts Back to Jail

After making a successful jail deliv-
ery, four prisoners in the Rush
county jail who escaped early this
morning, were all back in jail by
nine o'clock, and the officials were
making an investigation as to where
the saw came from with which the
prisoners cut the heavy bar that
was nipped at a side window.

The four prisoners who escaped
through the small opening on the
Perkins street side of the jail, were
Glen Downey, Herman Osborne,
George Allen and Cleve Beach. The
escape was made about two o'clock
this morning, and at four Downey
appeared at the jail, ready to go
back to his cell.

He told Sheriff Jones the direction
they had taken, and Beach was cap-
tured at the home of a brother liv-
ing a few miles east of here. While
the officers were searching for the
other two, Osborne was in an auto-
mobile coming back, and he was taken
in charge and brought back to jail.

Police Chief Wilfong and a few
assistants surrounded Allen in a
large woods four miles east of here,
and shortly before nine o'clock Allen
was run down and caught. Sheriff
Jones and a big posse started out to
search the woods, but on their way
out, they were met by the police
coming in to Rushville with the pris-
oner.

According to three prisoners who
did not escape, but who remained in
jail, Allen did the sawing and made
way for all of them to escape. After
the four had left, Charley Day called
Sheriff Jones and notified him that
the men had escaped.

The other two prisoners, John
Griffin and Archey Staey, who stayed
in jail, told Sheriff Jones that if
they were going to prison, they
would "go like men." These two men
are held on charges of shooting
with intent to kill, and they were ar-
rested on the Sunday night that

TWO MEN ARRAIGNED IN JUSTICE'S COURT

William Cross Fined For Not Pay-
ing Dog License and Willie
Bennett for Intoxication

CIVIL SUIT IS DISMISSED

Two arrests have been made in
Justice Stech's court by Constable
John Wolters, William Cross being
arrested for not paying license on a
dog, and Willie Bennett with intox-
ication. Cross pleaded guilty last
night and was fined \$1 and costs,
which in all amounted to \$11, in-
cluding the dog tax.

Bennett was alleged to have been
intoxicated on Wednesday of this
week. When arraigned this afternoon,
he pleaded guilty and was fined \$1
and costs which he arranged to stay
until he could pay it.

The civil suit filed by Alfred Col-
lier against Ed Laughlin, a suit on
account, which was scheduled for
trial today, was dismissed by the
plaintiff today.

A jury will be required tomorrow
afternoon in this court when the
case against John Dixon will be
heard. The charge is for surety of
peace, as his mother-in-law is alleg-
ing that he has threatened her. Dixon
was taken to Connersville yesterday,
on account of the quarantine at the
local jail.

Romance Cut Short After
Honeymoon, to Blossom Again

Greensburg, Ind., Sept. 2.—
A romance cut short three
days after the wedding cere-
mony was about to blossom
forth near here again today.

William Thompson employe
of the Illinois legislature, has
located his wife who was ab-
ducted from his home in Joliet,
Ill., by her mother, while their
honeymoon was still young. The
question is whether he can re-
claim her.

Hazel Benhen Thompson, is
at the home of her uncle, Henry
Benhen, three miles north of
here. Mrs. Thompson, accord-
ing to the story told by Thomp-
son, at first refused to talk to
him, nor allowed him in pri-
vate with her.

Herbert Troxell was shot and killed
by Sheriff Jones near Occident.

Day is charged with adultery, and
his wife by common law marriage is
in jail on the floor above.

Of the four who escaped, Downey
and Osborne are charged with vehicle
taking, having been arrested south of
Liberty, after they had taken a
machine from the streets here.

Allen, who is said to be the man re-
sponsible for the delivery, is held on
a charge of grand larceny, and his
home is said to be in Alpine. It will
be recalled that he was arrested sev-
eral weeks ago on a charge of steal-
ing \$50 from Mary Nestle, at whose
home he had been rooming.

Beach was arrested a few weeks
ago in Connersville on a charge of
criminal assault on a 13-year-old
girl. All of the men are awaiting trial
in the September term of court
which convenes Monday.

Sheriff Jones stated that for the
past nine nights a guard had been
established on the outside of the jail,
but as the man was charging \$3.50 a
night, he was taken off duty last
night. The sheriff has been suspi-
cious of an attempted escape for
several days.

It is believed that someone handed
in the saw from the outside. The
iron bar at the window is an inch
thick, and it was completely cut off,
and then bent up, in order to make
the opening large enough for a person
to get through.

The opening was small, and a large
sized person could not have squeez-
ed through. The screen on the out-
side was also broken loose.

Allen had a travelling bag in his
possession which contained a small
amount of clothing, and when cap-
tured this morning, he still was
clinging to the bag.

When the prisoners were brought
back here all of them with the ex-
ception of Allen, were placed on the
second floor. Allen was locked in the
"bum" cell on the first floor, which is
a small confinement space.

All prisoners are given the free-
dom of the entire jail proper, in-
stead of being locked in cells. Mrs.
Day was taken from the second floor
and will be a "trustee" in the Jones
household.

Allen, when questioned concern-
ing the saw, refused to give out in-
formation, stating that he had found
it in the jail, but little faith is put
in this statement.

GEN. WOOD ACCEPTS POST

Manila, Sept. 8.—Major General
Leonard Wood today accepted the
post of governor general of the Phil-
ippine Islands tendered him by Pres-
ident Harding. At the request of
President Harding, Wood will go at
once to China on a diplomatic mis-
sion. He will return in October after
which he will, it is understood, for-
mally take office.

Absent Voters Ballots

The ballots and the supplies for
the special election to be held Tues-
day, September 6, will be distribu-
ted to the inspectors Saturday, ac-
cording to announcement by Loren
Martin county clerk. Mr. Martin
went to Indianapolis several days
ago and brought the ballots and
supplies to this county. The ballots
have been sealed in packages ac-
cording to the number of voters in
each precinct and are ready for dis-
tribution.

Notice has been sent to the in-
spectors who will serve in the
special election to call at the clerk's
office Saturday. Mr. Martin said
that they would be issued at any
time that day but would not be given
out before Saturday. The inspec-
tors must receipt for the supplies
and ballots and are responsible for
them until they are delivered to the
precinct boards on the morning of
the election.

The general election laws will ap-
ply to the special election, it is
stated. The polls will be open at 6
o'clock Tuesday night. Immediately
after the ballots are counted they
must be delivered by the inspectors
to the county clerk who serves as
the election commissioner.

Although there was little interest
in the proposed changes in the In-
diana constitution several weeks
ago, more people are discussing the
amendments and it is thought that
a fairly good vote will be cast. It is
stated, however, that the vote will
be one of opposition to certain
amendment vacant will not constitute
ment of the proposed changes.

TOTAL OF THIRTEEN CLAIMS

All of the Rush county ex-service
men who went before the cleanup
squad in Indianapolis Thursday af-
ternoon for examination for govern-
ment compensation, received a dis-
ability rating of more than ten per-
cent, according to reports received
here today, which means that they
will be entitled to compensation.

Not all of the delegation from here
had an opportunity to present their
claims and some of them had to re-
main over until today. Others had
to stay in Indianapolis overnight for
further examination today. One for-
mer soldier, Edward Decker, will
likely be given a total disability rat-
ing, it was said.

Thurman Downs, who did not have
his papers properly sworn to Thurs-
day and was delayed in going to
Indianapolis arrived after the of-
fice was closed and returned today
to try to get a hearing on his claim.

The twelve who went Thursday
were: Carl Bennington; Robert Be-
craft, Omer Pea, Edward Decker,
Ward Collins, Jerome Caron, John
Alzman, Bert Montgomery, Scott
Conde, Harlan McGuire, Otis E. Nay
and Glen Edwards.

ALVENA WESLING INJURED

Sister of Falmouth Woman Only One
Hurt in Auto Accident

Miss Alvena Wesling, sister of
Mrs. Peter M. Hill of Falmouth, was
painfully injured last evening in an
automobile accident just east of
Connersville. Mrs. Hill and Miss
Wesling were riding in an automobile
driven by Henry Langh when the
lights of their machine went out. Be-
ing able to see Mr. Langh drove the
machine into a farm wagon loaded
with young people who were enjoy-
ing a hay ride. By the force of the
collision the machine turned over.
Miss Wesling was the only one of the
party injured, she having sustained
an ugly cut across her nose, and
other minor bruises.

BASE BALL TALK FOLLOWS THE DINNER

Rushville and Connersville Kiwan-
ians Explain "How it Happened"
Thursday Evening

GOOD FEELING IS MANIFEST

Following the base ball game
Thursday afternoon, in which the
Connersville Kiwanis club was de-
feated by the Rushville club, 19 to
9, members of the two clubs enjoyed
dinner at the Windsor hotel, about
thirty visiting Kiwanians attending.

The after-dinner program was
devoted mostly to discussing the
ball game in a light vein. Samuel
L. Trabue, president of the local
club, presided and called on several
Kiwanians from both cities for
short talks. The best of spirit pre-
vailed and a warmer feeling be-
tween the two cities was the out-
growth of the meeting.

"Kid Gleason" Ripitoe, the man-
ager of the Connersville team, the
first visitor called on to "explain
how it happened", said it was all
the fault of "Nick" Tompkins, the
Rushville pitcher. That was the on-
ly alibi he had. "Pat Moran" Nor-
ris, better known as Norm, manager
of the Rushville aggregation, de-
clared that he made up his mind af-
ter the first inning that several ball
players were due for a fine, but he
"reversed" his decision after the lo-
cals went ahead.

Following the base ball talk, the
Kiwanians indulged in an informal
discussion of the constitutional
amendments to be voted on next
Tuesday.

PRIZES AWARDED IN PIG CLUB CONTEST

Cecil Pike Wins First Place in Rich-
land Township Show—\$25 in
Cash Distributed

SIX BOYS ARE CONTESTANTS

Between 150 and 200 people at-
tended the Richland Township Far-
mers' association pig club show, held
yesterday at Brodie's grove, south of
the Butler school, near Richland, and
six boys had pigs entered in the con-
test.

Prizes aggregating \$25 were dis-
tributed among the six boys, with
Cecil Pike winning first place, Har-
old Humphreys second place, third
to Howard Osting, fourth to Alton
Wilson, fifth to Robert Osting and
sixth to Cecil George.

The winning pig for first place
was a spring pig and weighed 319
pounds. Frank Beale of Clarksburg
placed the awards and a committee
composed of Fred Goddard, Charles
Fisher and Norm Patterson graded
the record books kept by the six
boys.

Three men who kept account of
production records on spring litters
had hogs on display which repre-
sented an average for the litters.
Plaques were used to show feeding
costs per pig to the present time.

Charley Fisher also had on display
several pure bred Duroc Jersey hogs
which he had been raising.

The show was pronounced a suc-
cess in every detail and on account
of the threatening weather the at-
tendance was cut down, but even at
that the crowd was considered very
good.

MINE WAR GROWS MORE BITTER WITH TROOPS ON WAY TO BATTLE

Martial Law is Not to be
Used at Once, Cabinet Decides

Washington, Sept. 2.—An
immediate proclamation of
martial law in the mine war
area of West Virginia will not
be made, President Harding's
cabinet decided today. Develop-
ments following the arrival of
federal troops in the scene of
hostilities will be awaited be-
fore the promulgation of mar-
tial law, it was indicated.

On leaving the White House,
Sec. of War Weeks said he
wanted to get further details
from Brigadier General Band-
holtz about the decision in the
coal fields before he decided
whether it would be necessary
to resort to martial law.

INTERVENTION IS SEEN AS BLESSING

Sending of Regulars to West Vir-
ginia Saves Region From Bloody
Industrial War

REGARD SELVES VICTORIOUS

Miners Obsessed With Idea That
They Could Get Square Deal
Only From Washington

By HAROLD D. JACOBS
(U. P. Staff Correspondent)

With the miners in the Field, Lo-
gan County, (By Courier to Mad-
ison, West Virginia), Sept. 2.—West
Virginia's civil war was about at
an end today.

The army of crusading miners,
perhaps six thousand strong, pre-
pared to law down or pocket its
arms and return home when federal
troops arrived on the battle field.

The government's intervention
was all that saved this region from
being the scene of one of the blood-
iest battles in industrial warfare
history.

I can make this statement au-
thoritatively after a thorough per-
sonal survey of the situation in the
battle zone and conversations with
hundreds of embattled miners. They
had reached a point where they re-
cognized no authority but that of
the United States government.

The miners were obsessed with
the single idea that the only law
under which they could get a square
deal was that administered at Wa-
shington and they were going on
fighting until that law was invoked.

My observations during a visit
to the vicinity of the firing line in
this region convinced me of the
danger that the skirmishing might
at any moment flare up into a ma-
jor engagement with casualties on
both sides numbering where today
there has only been scores.

"The minute the federal troops
come in here we will throw down our
arms and go home.

"Until then we will fight—and
fight like Hell" a leader of the min-
ers told me. "We can't trust any
body now but the United States go-
vernment. We were double crossed
by the state and county officials.

"If the regulars don't come in,
we'll have to settle this ourselves.
We'll fight the state constabulary
and mine guard thugs until we lick
them or get licked. And before we're
licked practically every union miner
in West Virginia will be on the fir-
ing line."

This conversation was punctuated
by the sharp cracking of rifle fire
and the occasional staccato rattling
of a machine gun, popping
somewhere just beyond the little
wooden hill that was our shelter
from the fire.

The echoes of the steep hillsides
the auditory proportions of a gen-
eral engagement.

The snipping was apparently
concentrated in a narrow valley
through which runs a tiny creek.
The miners were hidden by the trees

Air Scouts Report at Least Five
Miners Were Killed in Latest
Engagement

(By United Press)

Logan, W. Va. Sept. 2.—Miners
and county forces flung their full
strength in the bitter battle along
the twenty-five mile front between
Logan and Boone counties today.
The encounters are believed to be
the last struggle before the arrival
of federal troops late today.

Both sides concentrated armies
on opposite sides of the ridge
throughout the night and morning.
The fight lasted throughout the
morning with machine guns raking
opposing camps.

Steady rifle fire was maintained
throughout the fighting. Airplanes
circling over the battle zone advised
headquarters here of the progress.
Air scouts reported back that at
least five miners were killed in the
latest engagement reported to the
sheriff and one defender had been
wounded.

Reinforcements for both sides ar-
rived throughout the morning. All
available men in Logan county were
out and reinforcements from Mc-
Dowell, Mingo and surrounding coun-
ties arrived.

Supplies and other necessities
were taken forward to the battle
zone. The skirmish settled into a
quiet engagement at noon with both
factions resting in their positions.

Gov. Morgan Abdicates

Charleston, W. Va., Sept. 2.—The
United States army today was in
supreme command of the state of
West Virginia. Governor Morgan ab-
dicated in favor of Brigadier Gen-
eral Bandholtz who will command
the force now on the way into the
state.

The governor issued a proclama-
tion informing the citizens of his ac-
tion. The governor instructed the
peace officers of the state to obey
the command of the federal forces.

The arrival of the troops into the
state means martial law whether or
not a formal proclamation is issued.
General Bandholtz was preparing an
announcement declaring the assump-
tion of authority and that all citi-
zens are forbidden to carry arms.

Troops Sent From Three Camps

Ft. Benjamin Harrison, Ind., Sept.
2.—Federal troops have been ordered
into the West Virginia mine war area
from Camp Knox, Stithon, Ky., as
well as from Camp Sherman, O.,
and Camp Dix, N. J., it was announ-
ced here today by General George W.
Read, commander of the fifth army
corps area.

The orders were issued by Major
General Read upon receipt of in-
structions from Secretary of War
Weeks. The order from this post did
not include the movement of troops
from Camp Dix inasmuch as this is
not in the fifth corps area.

and dense undergrowth.

This particular point the shooting had been practically continuous for three days. The next casualties among the miners here were two wounded. In return they say they killed at least one man, and believed they "pinked" several others.

The line here was held by perhaps 200 men. They believed twice their number was opposing them. They were content to hold the pass for the time being, but were eager to take part in a general advance.

They were more anxious, however, for the appearance of order and end it all.

NEW YORK STOCK MARKET

New York, Sept. 2.—Mexican oil shares which had been soaring, fell off in the first hours trading on the New York stock exchange today. President Obregon's message to the Mexican congress was responsible.

Mexican petroleum led the decline selling off a point after it had opened 2 1-4 points down. It rallied at 101.

Asphalt was an exception, recovering from its early low of 43 1-2 to 46 1-4 in the first hour.

The rest of the list was firm. Rails were slightly lower.

The stock market opened irregular today. Opening prices: United States Steel 74 1-2 up 1-4; Texas and Pacific 23 1-2, up 3-4; Great Northern preferred 70 3-4, off 1-4; Pan American 45 off 1-8; Studebaker 72 1-4, up 1-8, Asphalt 44 1-8

ELECTION TO COST TAXPAYERS \$90,000

This Money Has Been Spent For Printing of Ballots and Publication of Books

COST MATERIALLY REDUCED

Indianapolis, Ind., Sept. 2—The special election on the proposed constitutional amendments September 6 will cost Indiana taxpayers approximately \$90,000, it was learned here today.

The cost of the state, exclusive of what counties will pay is between \$10,000 and \$12,000, George Healy, secretary of the state election board estimated.

This money has been spent for the printing of official ballots and the publication of books regarding the election laws which were sent to all counties.

The election board has reduced the salary of election judges, clerks and inspectors from five to three dollars a day. Each of these officials will work for at least two days, Healy said.

In each of the 3,385 precincts of the state there will be the expense of maintaining a clerk, judge, and inspector at three dollars a day. The salaries will total \$60,680.

An additional expense of \$200 will be incurred in each county for election equipment supplies and affidavits. In some counties this amount will be larger because the sheriff will have to hire deputies.

The cost of the election was materially reduced by the ruling of Attorney General U. S. Lesh, that it

Beware The Female of The Species

Woman is practical. Never mind
the funny things she wears, and the

funny things she does. Moral courage she has it. No mere man can rise to the heights of a woman cheated out of what she considers her rights.

"Father, let me see that check!" she demands at the aristocratic cafe, in heroic defiance of the amused glances of the fashionable, and "Father's" black frown. And woe be unto the food manipulators when the gentler sex get through investigating them.

The recent convention of the National League of Women Voters declared for a searching probe of the food question. Since that time there has been an ominous silence. But it is significant to the initiated that there is a wide and growing demand for the distribution of food in bulk.

Woman is asking "how come" all this expensive, useless primping of pickles and "ouncing" and "pounding" of Potatoes, and putting of four-color kimono on her crackers. And she is objecting to munching yeast cakes in order that she really gets the nourishment out of the daily ration. It is up to the smart pecker to side-step to bulk in barrels at a safe and sane price, when mother starts in to probing the foder.

Too Long Sighted

There is a great tendency on the part of the American people to make a close study of conditions in other parts of the world. This in itself would be wise and praiseworthy, were it not for the fact that in so doing we consume much time that should be devoted to the scrutiny of affairs nearer home.

The haphazard manner in which many of our public affairs are conducted is evidence of this fact.

If the public at large would make a sincere and determined effort to widen its scope of knowledge upon national, state and local requirements we would be able to send representatives to Washington who would work in harmony with our desires and not at random as is now too often the case.

In this way we would have a congress more representative of the true sentiments of the people, a congress more devoted to the welfare of all of the people as a whole

FEEL the Grit from Your Rugs!

You certainly should arrange for a free America demonstration in your own home. Have the demonstrator shake the dust out of the bag onto a piece of paper.

Then your sensitive finger-tips can feel in this dust the sharp grit—particles of glass, cinders,

coal, rock and metal—that America's powerful air suction lifts out with the other dirt.

It's this sharp grit—brought in on the soles of shoes—that grinds off the nap every time the rug is walked on, wearing bare spots and shortening the life of the rug.

Then you will realize why we call

"AMERICA"
The Cleaner that Saves the Rug

Beating, sweeping, and ordinary cleaner methods remove the dirt but fail to lift this heavy, nap-destroying grit. • It takes America's far greater air volume to do this thoroughly.

Only the America has these patented features:

1 The Double Size Mouth completes your work in half the time; and also lifts the rug slightly from the floor, permitting the flow of air from beneath.

2 The Two-Way Brush straightens the nap from both sides.

3 The Front Air Arch gathers lint, paper, hairs, matches and ravelings without clogging the brushes.

4 The Baseboard Dust Tunnel at the sides cleans quickly in corners, and draw the dust sideways and along the baseboards.

Proposed Amendments to State Constitution Briefly Explained

A concise statement of the ends to be accomplished by each of the proposed amendments to the state constitution on which voters will pass at a special election Sept. 6 has been prepared by a special committee of the State Bar Association, composed of Ralph M. Kane, C. C. Shirley, James W. Fesler, J. A. Van-Osdel and Bernard Korbly. The comment is limited to the explanation of results, without indorsement or objection. The Republican is publishing the amendments in numerical order, one each day, with the bar association committee's note on each.

13. Extension of Term of Office or Increase of Salaries of Public Officials

That Sec. 2, Art. 15 of the constitution of the state of Indiana be amended to read as follows:

Sec. 2. When the duration of any office is not provided for by this constitution, it may be declared by law; and if not so declared, such office shall be held during the pleasure of the authority making the appointment. But the General Assembly shall not create any office the tenure of which shall be longer than four years, nor shall the term of office or salary of any officer fixed by this constitution or by law be increased during the term for which such officer was elected or appointed.

Note: This amendment is intended to prohibit the Legislature from increasing the salaries or extending the terms of public officials during the terms for which they were elected or appointed.

JAP AND U. S. TENNIS TEAM IN FINAL ROUND

New York, Sept. 2.—Two wirey little Japanese expect to make Nippon's first bid for a world championship this afternoon when Japan meets America in the first two of five matches for the classic Davis tennis cup.
 Japan the survivor in the battle of twelve nations which tried to wrest the trophy, won in Australia last winter by the two noted "Bills"—Tilden and Johnston, will meet the great American team in the challenge round for the cup.
 William M. Johnston, the fiery little Californian, will meet Ichija Kumagae in the first match at 2:30 o'clock this afternoon. William Tilden will oppose Zenzo Shinidzu in the second match at four o'clock.
 Richard Norris Williams and Watson Washburn will face the Jap pair Saturday in the lone doubles match of the tournament.

Watching The Score Board

Yesterday's hero—The New York Yankees swept into first place in the American League race by defeating Washington in a double header at 6 to 3, and 8 to 1.
 The Cards knocked the Braves out of third place by defeating Pittsburgh in a double bill at 10 to 4 and 8 to 0.
 The Giants missed a chance to slide into the lead when they were defeated by the Robins at 5 to 1.
 Detroit beat Cleveland, 7 to 6 in 12 innings and knocked the champions out of the lead.
 The Browns made their hits good for runs and beat the White Sox, 5 to 0.
 The Little Flatrock neighborhood, the final score being 9 to 3. The Little Flatrock team had a big inning in the first and scored 7 runs.

LOCAL KIWANIS PUT OVER A WIN

After Getting Away to Bad Start They Stage Comeback and Pile up 19 Scores

VISITORS HELD TO 9 RUNS

Candidates For Mayor in Connerville and Rushville Hold Down Second Base

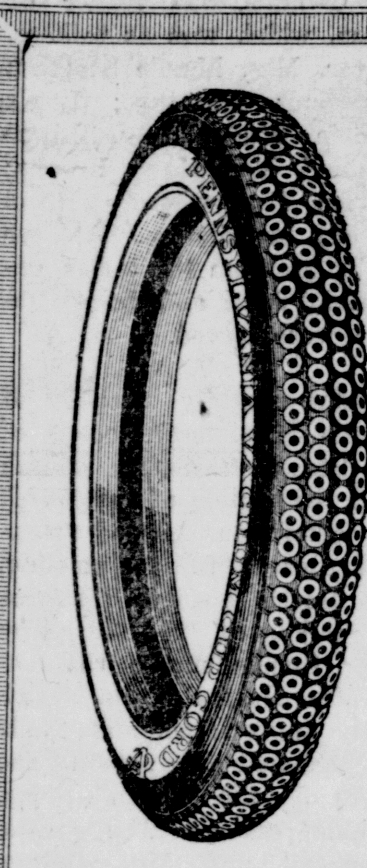

The Connerville Kiwanians after getting away yesterday afternoon to a good start fell down as the game went on, and the Rushville Kiwanians pounded the ball hard and brought in 19 runs, while the visitors could collect a total of only 9.
 The game was a seven inning affair, and aside from the first inning, Rushville played good ball. In this frame Tompkins was hit freely, and a couple of errors proved costly, and when the smoke had cleared away Connerville was off at seven points.
 When the local club came to bat in the last of this frame, they managed to get in five runs, but Connerville again put across one more run in the second.

In the fourth and fifth innings the visiting team was held without a run. Tompkins was going good in the third and had the first two batters out on strikeouts, but the third man up tripled. Then the fourth man up was an easy out. In the fourth the first man up was safe on an error, but he was caught at second. Then the second man up also was safe on an error, and the next up singled! The two men died on bases when the second out was made on a strikeout and the third was out on a grounder.

Connerville's next run came in the fifth, which also was their last counter. In this inning Leffel, first up, singled and McLane was given a base on balls. Bachous forced McLane at second, for the first out. Ripitoe was out on a grounder but in the play Leffel scored. Mangrum was hit by the pitcher but the third out came on a fly.

Rushville had two big innings that put the game on ice for them. After the five runs were scored in the first, then came seven in the fourth. In this inning the local Kiwanians batted around. Tompkins, first up, singled, and Moore drew a base on balls, and when Young was walked, he filled the bases. A couple of runs came in when C. Green singled, and two more came in when Thomas singled.

D. Green made the first out on a grounder. Green and Thomas came

FORD OWNERS!

You Need

Advance Cork Insert

Brake Lining

Cork Insert makes Fords work wonderfully smooth—stops shaking and rattling—makes the brake quick-acting and surprisingly smooth. Requires only slight pressure on the pedals—makes Ford driving a real pleasure.

Cork Insert is far the cheapest in the end. One set outwears three sets of ordinary lining—saves you the expense and inconvenience of relining brakes. Does away with jarring vibration—makes your Ford last much longer.

Ordinary linings get a slick surface from friction and oil. This slick surface hampers gripping power. The corks in Cork Insert always grip smoothly, instantly—and have great wearing quality.

Bring in Your Ford Today! Let us equip it with Cork Insert. Our Repair Department is at your service. We do expert repairing.

We carry a full line of accessories. The best tires and tubes—oils and greases.

MONDAY SEPT. 5

SOCIETY

Edited By Miss Edna Krammes
Phone 1111

There will be a Tri Kappa meeting Monday afternoon at the home of Miss Laverne Bishop northeast of the city. All members are urged to be present.

E. O. George and son Charles, Mr. and Mrs. Frank George and family, Mrs. Bert Heaton and children, Mrs.

Lavina George and Arthur George, and children were among those from this vicinity who attended the George family reunion at the Garfield park in Indianapolis Tuesday. The day was enjoyed by a large number of relatives present for the affair. At noon a bountiful picnic dinner was served. During the business session in the afternoon it

was decided to hold the reunion at the same park next year.

An interesting program was given yesterday at the regular meeting of the Woman's Missionary Society of the Little Flatrock Christian church held in the parlors of the church. Mrs. Mary Gwinup was leader of the program, which was as follows: song; prayer, Mrs. Mamie Stevens; business period; scripture; Lords Prayer; Bible study, Mrs. Lizzie Heeb; "China", Mrs. Maxie Brooks; "Echoes from Everywhere", Hazel Daubenspeck; benediction. At the close of the program the ladies enjoyed a social hour and dainty refreshments were served.

The regular monthly meeting of the Woman's Missionary Society of the Main Street Christian church was held in the parlors of the church yesterday afternoon. A good attendance was present for the meeting. Mrs. John Borem opened the program with the reading of the scripture and prayer. Special music was rendered by Mrs. Bertha Green which was greatly appreciated. Miss Nelle Trobaugh prepared a paper on "The Highlanders of the South", Mrs. Jesse Winkler one on "The Little Brown Church" and Mrs. George Griesser, "Through the Argate". A social hour was enjoyed following the program and the members of the September section served delicious refreshments.

Mrs. Howard Kehl was hostess for the P. A. L. Club yesterday afternoon at her home north of Falmouth. The roll call responses were "Quotations from Oliver Wendell Holmes," Miss Stella Shortridge prepared a paper on "Present Day Writers." A social hour was enjoyed following the program. Six guests, Mrs. J. E. Walther, Mrs. Herschell Barnes, Mrs. Sherman Hill, Mrs. E. R. Jeffrey, Mrs. U. G. Hinchman and Mrs. B. J. Ochiltree, were present for the meeting. Dainty refreshments were served by the hostess at the close of the evening.

Alice Brady at Princess

Alice Brady comes to the Princess today in "Little Italy" and remains over Saturday. This play presents Miss Brady in another foreign role, and is the second in a series of three character roles which Miss Brady is doing for Real-art. The first, "The Land of Hope".

showed her as a Polish immigrant girl, while the present offering gives her the role of a fiery Italian girl who lives in an Italian colony near New York City.

The exteriors were made mostly near Stamford, Conn. where an actual colony of well-to-do Italian truck farmers lives, carrying on a brisk business in supplying the neighboring cities with produce, but otherwise living quite apart from the American life going on about them and retaining their own old-world customs and feuds.

"Little Italy" is the story of such a feud, imported from the old world and involving the heroine and the hero, who are members of rival families, and like Romeo and Juliet, really ought, in loyalty to their respective families, to hate each other. Only they don't.

Norman Kerry plays opposite Miss Brady, and a very colorful drama is woven about this pair of enemy-lovers. Others in the cast include George Fawcett, Marguerite Forrest, Luis Alberni Gertrude Norman, Jack Ridgeway and scores of

extras to give the atmosphere of an Italian colony.

Fatty Arbuckle will appear in "The Traveling Salesman" Monday and Tuesday.

A Greenwich Village Story

Greenwich Village, the romantic little corner of New York where the conventions are forgotten in the pursuit of art, is the interesting background against which the story of "The Mad Marriage" is to be enacted at the Mystic Theatre today. Carmel Myers plays Cinderella Jane, the leading role in the film story. The picture was directed by Rollin Sturgeon and produced by Universal.

The star appears as a girl who makes her living by looking after the domestic comforts of a group of artists who are too engrossed in their art to think of food and clothes.

One of her clients is Jerry Paxton whose success in art is being assured by the patronage of an excessively rich and utterly idle set of society women.

Jerry is pestered by women who want him for a son-in-law. Only by eternal vigilance does he remain a bachelor. When he marries Cinderella Jane to save himself from more irksome matrimonial entanglements, the story has reached a stage where no one knows what is going to happen next.

Very skillfully the story is brought to its climax after a series of the most unexpected situations, the dramatic requirements of which afford ample opportunity for the ability of the supporting cast which includes Truman Van Dyke, William Brunton, Virginia Ware, Margaret Cullington, Jane Starr Arthur Carewe, Nola Luxford, Paul Weigel and Lydia Yeamans Titus.

As for the charming star, the role of the little literary moth who hovers about the alluring flame of Greenwich Village and meets with strange adventures, gives her a chance to display entirely new phrases of her histrionic skill.

Neil Hart comes tomorrow in "Hell's Oasis".

In Loving Memory of Mable Elizabeth Cravens

Age 3 years, 5 months, daughter of Mr. and Mrs. Charles Cravens, who passed away Aug. 23, 1921. She leaves father, mother, two brothers, two sisters, and a host of relatives and friends to mourn her loss.

When earth had so many it better fair.

When earth had so many it better could spare.

Hard was the blow that compelled us to part,

From the one we loved dear and was so near to our heart.

Sad was the hour and fatal the day When our dear Mabel passed away.

You are not forgotten nor shall you ever be.

As long as life and memory lasts we shall remember thee.

Though her loving voice is silent And her true heart ceased to beat Yet we miss the well known footsteps And the form we loved to meet.

No one knows the silent heartaches, Only those who have lost can tell Of the grief that's borne in silence For our darling we loved so well.

expression of the voter must be registered on the ballot.

That there is little interest in the election is made manifest by the requests for absent voters ballots. So far only two legal voters living outside the county, who claim Rush county as their residence, or voters who find it will be impossible to go to the polls next Tuesday, have applied for ballots to vote in the special election. This is in striking contrast to the circumstances attending the last general election when approximately 800 absent voters ballots were used here.

Was a Good Judge of Liquor

"Since a young man I had a liking for liquor and was considered a pretty good judge of it at one time, but constant drinking gave me stomach trouble which became chronic. My stomach would have been a valuable addition to a gas factory. Doctors did not seem to relieve me. One day my druggist got me to try Mayr's Wonderful Remedy, and I am now as good as new." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at druggists everywhere.

SHE DECLARES THAT LIFE WAS A BURDEN

Indiana Woman Had Given Up All Hope of Ever Being Well—Health Perfect Now

"I'm so enthusiastic about Tanlac my friends accuse me of talking about it all the time," said Mrs. Alex Green, Edwardsport, Ind.

"I have good reason to believe in Tanlac, for it came to my rescue when I was about ready to give up all hope of ever being well again. I was so completely rundown and so weak that I was just dragging myself around feeling that life was a burden. Nothing I ate agreed with me and I had awful spells at times of palpitation of the heart and also awful smothering spells, and I would gasp as if the next breath was going to be my last.

"It's almost beyond belief the way Tanlac benefited me. I began to improve after the first few doses and steadily grew better until today I'm in perfect health. In fact I don't believe I ever ate, slept, or felt as well as I do right now. I believe in praising the bridge that carries me over and I always expect to have a good word to say for Tanlac."

Tanlac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

Are They Getting A Square Deal?

THOSE Children of yours—Man, but you're proud of them. You think of the things you want to give them—an education — everything that will help them make their mark in life. But— are you doing anything besides thinking about it? Are you really giving them a square deal?

One thing that contributes a great deal towards a man's success in Life is the proper Home Environment during his youth. Children cannot get the proper environment under somebody else's roof. Just renting a house, moving about, changing schools, etc., doesn't give them the opportunity to progress that they would have if their folks owned a home. And — have you stopped to think that if you keep on renting, the money you will pay out between now and the time when your children are ready for college will more than pay their way through school? Think it over! Give those children of yours a square deal; and when you decide to build call on us for assistance. The men in our Home Builders' Department can give you valuable suggestions and advice relative to planning, financing and building your home. We will give you honest-to-goodness Service and Quality that Satisfies.
